## **MEMBERSHIP APPLICATION**

I, \_\_\_\_\_, have read the Peace of Green membership guidelines and would like to apply for membership to the collective of existing artists. I understand that there is a waiting list, and any vacant positions will be filled by any artist who is the best fit for the vacant space, not necessarily by the next person on the waiting list. The collective meet on the first Tuesday of each month where new member applications are discussed.

Please complete the following information and include photographs of your work including their names, size, medium used and price you would be asking in the gallery.
